Zipsar

Our Positioning

- More Than Developers. Solution Builders.
- Premium partner for startups & SMBs
- Blend of Application + AI expertise
- Flexible for early teams, strong for enterprises

Zipsar

Unique Selling Points

- End-to-end expertise: Web, Mobile & AI under one roof
- Service-first revenue stream ensures stability
- Product roadmap for SaaS tools & proprietary IP
- Proven track record with startups & SMBs
- Premium delivery standards with adaptive processes
- Long-term growth partner, not just project vendor

Zipsar

Our Design Process

Discover | **Define** | Design | Devlop | Test | Deploy

- Discover: Understand client vision, goals & challenges
- Define: Shape requirements into clear, achievable scope
- Design: Create UI/UX flows, wireframes & prototypes
- Develop: Build scalable apps with modern tech stack
- Deploy: Launch with quality checks & optimizations
- Deliver & Support: Continuous improvements, updates & scaling

Zipsar
